## Powerful solution for Pyrexia, Pain & Inflammation

### FORTIS<sup>®</sup> IS?

Active ingredient of Fortis is Flunixin Meglumine. This agent is approved by U.S. FDA as powerful Nonsteroidal Anti-inflammatory Drug (NSAID). This agent strongly inhibits cyclooxygenase system including inflammation process. As a result, it reduces inflammatory mediators and creates a powerful anti-inflammatory, anti-pyretic and analgesic effect.

FORTIS is effective to various inflammations especially including mastitis, enteritis, pneumonia and arthritis. If inflammation and pain are alleviated, animals recover quickly to eat food and water.
